LODGE - PLOT 7 – ARRIVING SOON

PRESTIGE MINUET

£99,000

44ft x 12ft, 2 Bed, 6 Berth, En-suite

This is a 2017 model Prestige Minuet but is brand new and has never been used.

When the design team were given the initial brief for the Minuet they had the challenge of designing a home that can be easily adaptable to numerous widths ranging from 10, 12 and 14ft with a choice of lengths ranging from 25ft up to 60ft. Therefore, space planning was a key element to allow the Minuet to truly be a 'made-to-measure' single unit home. The design element was just as important as the layout; it needed to be practical, workable and a home to be proud of, which the design team have produced in leaps and bounds.

This model has been produced to residential specifications, is fully furnished to include washing machine, double glazing, central heating, bath, shower.

Price includes decking of your choice and ground rent for 2022
