

Pemberton Glendale Lodge

44ft x 22ft, 2 bed, 4 Berth

£145,000

**MEGA
SALE**

The Glendale makes a break with tradition and introduces a new closed option giving you a self-contained lounge, dining room and kitchen. The proportions of Pemberton's flagship model suit this adaptation comfortably and detract nothing from the generous layout.

There is so much to love about the Glendale from the panelling to the lounge, the enormous kitchen island with hob and breakfast bar and the rustic style oak furniture. With the utility room giving yet more functionality to the space it is not difficult to understand why the Glendale is a bestseller.

This pre-owned lodge is situated on a corner plot overlooking the fishing lake and offers a light, spacious and delightful open-plan layout ideal for relaxation and entertainment.

Offering a front room featuring 2 sets of French doors that open onto the decking, allowing for seamless indoor-outdoor living. Ideal for those who cherish their creature comforts, this property is built to residential specifications, ensuring durability and comfort all year round. Additionally, the lodge comes fully furnished with essential amenities including central heating, double glazing, a washing machine, fridge/freezer, 2 double bedrooms, 2 bathrooms with shower cubicles.
